## Preface

In this auction we can offer one of the strongest sections with Swedish postal history we have ever had – incl. a comprehensive section foreign-related prephilately, the first part of the fantastic gold medal exhibit of printed matter mail formed by Klaus Michtner, plus mail to many scarce and unique destinations on later issues. In addition, the Swedish postal stationery section is unusually interesting with many rare items.

The foreign section is also strong with many better singles and collections from various areas. At the end of the sale we offer part II of the Esbjörn Janson cinderella collection and a new section of Militaria, formed with the help of our new employee and expert on this area, Petri Huovinen.

We have endeavoured to make this an auction with very good content but trying to limit the number of lots offered. One reason is that this is our first live stamp auction where you can bid online at the same time as the auction is conducted in our auction room. More information about this, and "covid-19 matters", can be found on the next page.

Peter Johansen and Christer Svensson, with staff.

## **Auction 380 is a live auction, please also note covid-19 restrictions**

You can take part in the auction either personally in the auction room or live (in real time) on the internet (you have to be logged in) just as if you were present in the room. We recommend the latter since there is a limit of about 20 people that can be in the auction room at the same time due to the covid-19 situation. Also note that the auction will take longer than normal because of both room and online bidding.

As usual, you may place absentee bids beforehand either online or by other means of communication. We also accept telephone bidding if you are willing to bid at least SEK 2000 on a lot.

Please note that you should book your seat in the auction room beforehand and the same applies for visiting the viewing. If you come to the auction without prior booking we may have to deny entry if the room is full.

As before, the health recommendations regarding covid-19 applies to your visit to the viewing and the auctions (wash hands, stay at home if you are sick etc).

For the future, our intentions are to conduct only the two “quality” stamp and ditto coin auctions live with a simultaneous auction room AND a printed catalogue. The other International auctions will be online live only, with no printed catalogues (customers can upon request receive a simpler printed PDF version).

## ***Sammanfattning på svenska***

*Denna auktion hålls samtidigt i sal och live på nätet. P.g.a. covid-19 är antalet sittplatser i salen begränsat till ca 20 och vi rekommenderar att ni bjuder live. Det går givetvis bra att lämna förhandsbud (som vanligt) och telefonbud kan också accepteras under förutsättning att ni är beredda att bjuda minst SEK 2000 för ett objekt.*

*Ni måste föranmäla er om ni vill besöka auktionen eller visningen. Ej föranmälda besökare tas endast emot i mån av plats. De normala hälsorekommendationerna (tvätta händer, besök oss inte om ni är sjuk etc) gäller.*

*Framöver avser vi att endast ha auktionssal (tillsammans med livebudgivning online) och tryckta kataloger i samband med kvalitetsauktionerna för mynt och frimärken. Övriga internationella auktioner kommer bara vara online utan tryckt katalog; de som vill får en enklare PDF version tillsänd.*

## VITA DKFM KLAUS MICHTNER

*"Born and raised in Vienna in 1938, I started very early collecting stamps on a very poor level – money at these postwar times was very rare. But after finishing my diploma in economics at the Vienna University of Economics in 1962 I entered directly into the family firm as an optics wholesaler. Now my interests turned to Scandinavian and especially to Swedish philately with a solid anchor in Swedish letters abroad. I was an enthusiastic buyer at auction houses and many covers from the legendary collection of Lauson H. Stone came into my possession.*

*In 1999 I sold my company and shortly afterwards I auctioned my foreign Swedish letters in Denmark under the name 'Vienna'. Out of a feeling I kept all the rare printed matter – the basis of the coming efforts in gathering the most important accumulation of Swedish printed matter mail, domestic and foreign. Even in the unknown Skilling Banco section I found some examples e.g. a stampless domestic sample of no value 1857 and a printed matter Stockholm–Portugal 1857.*

*At MALMEX 2018 in Malmö my exhibit was awarded a Gold medal.*

*After at least 25 years of collecting, due to my age, all the rare items are coming back to the market, and I can instead concentrate on my last great exhibit Austria/Hungary to/from Sweden/Norway, 1682–1918.*

*All the best to Swedish Philately – it has been and still is a great time for me."*

| <b>2552Kv</b> |        | R.O.C. The SINO-SWEDISH EXPEDITION 1928-35. A most interesting and spectacular letter ever of Hedin's correspondence is a registered letter from Sven Hedin himself sent 1933 to Sweden franked 10+15+40 cents = 65 cents. It was onforwarded with a Swedish reg. label as the receiver, Hedin's colleague Dr Arne, had left for Persia as a member of the Swedish Archeological Mission to Shah Tepe in northern Persia but had not yet arrived to his destination Asterabad in Gorgan province when the onforwarded letter arrived. So the letter was again onforwarded and now returned to Hedin in Beijing! An cds on the back on blue states that "Le Destinateur n'est pas encore venue a Gorgan". A large number of cds and transit marks and other marks are found on both sides of the cover. Note the great discrepancies of dates due to Persia as well as China having their own calendar systems which did not correspond with the Western calendar, nor with each other! Also note at top left remnants of a label that was a Chinese label to show it was registered. It was taken away later. A most remarkable postal historic letter steeped in the Chinese scientific development. ## **Swedish Cinderella Philately / *Svensk Bältespännarfilateli***

Following the successes with our special Bo Olsson and Esbjörn Janson auction sections on Cinderella material, we have now made a permanent section of this philately, for Sweden.

Foreign Cinderella material is, as before, placed under each country.

Cinderella material is today of much interest and demand, not only from collectors specialized in these areas, but at least as much to the thematic-, postal history- and home town/county collectors. Here is often found “that special extra” making the collection stand out. With our recent very successful sales of Cinderella material we have also actively built up a comprehensive list of collectors interested in this philately, both in Sweden and internationally.

To organize, select, put together, split and not least having the knowledge of the material offered is critical for all sales. Our expert Mats Edström is known for his wide knowledge in Cinderella philately from different countries and has decades of experience.

All this means for you as purchaser that the material is attractively organized and correctly described, and if you are thinking of selling, that you receive top prices.

## **Esbjörn Janson’s revenues**

This time we focus on the second and final part of Esbjörn Janson’s revenue collection. Being one of the largest collections ever put together we can also this time offer a wide range of material, from the oldest scarce 17th century stamped papers to more modern items. And, from real gems to different types of assemblages. With Esbjörn’s several decades of collecting and extensive knowledge, the material have provenance from legendary collectors as Henryk Bukowski, Sven Öberg, Sven Svensson and others.

As before, please study each auction lot carefully, and last but not least all scans available on our Internet site.

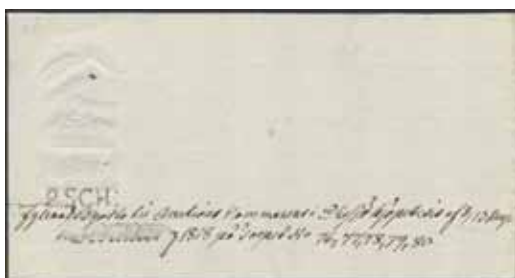

We wish you all very welcome and happy hunting!

## Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

## Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avgas i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härfor. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enskilda objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
