Förord

Välkommen till höstens kvalitetsauktion den 25 november. Auktionen innehåller en mängd intressanta objekt varav flera av utställningskaraktär. Det svenska avsnittet är som alltid omfattande, med bl.a. svåra stämplor ur framlidne Sture Heglands samlingar, 20 på 30 öre, skeppspost / utländska stämplor ur en guldmedaljerad samling mm.

Det utländska avsnittet är mycket starkt då vi auktionerar Svenska Postens referenssamling utsänd av UPU ca 1880-1950 med bl.a. många svåra Specimenmärken. I övrigt kan nämnas bra Storbritannien, USA, Kina mm. Det finns med andra ord många genuina objekt med låga utrop.

Under auktionsdagen bjuder vi som vanligt på lättare förtäring och förfriskningar.

Väl mött till en trevlig auktionsdag!

Peter Johansen, Christer Svensson och övriga medarbetare på AB Philea.

Welcome to the Autumn quality auction on November 25th, as usual with an comprehensive Swedish section incl. many good cancellations, ship mail and foreign cancellations from a gold medal collection etc.

The foreign section is very strong as we are auctioning the Swedish Post reference collection sent out by UPU about 1880-1950 including e.g. many scarce Specimen stamps and good representation of many countries troughout, e.g. USA, England and China. Hence there are many genuine lots with low reserves.

During the sale we offer a complimentary bite and refreshments.

Welcome to the auction!

Peter Johansen and Christer Svensson with staff.

”The Foreign Postmarks Collection”

Baltic and North Sea Countries mail GPU–1940

Part I

This theme is dominated by ship or landing harbour cancels, but also train (TPO) cancels, and last but not least foreign chance cancels on mail having missed regular treatment on the way (post office omissions). The lots are presented by country, first foreign cancellations on Swedish stamps, then Swedish cancellations on foreign stamps.

This extremely important collection has been created over four decades of very intense collecting, and the level of completeness, and also the quality, is truly extraordinary. A few pre-GPU examples are included as well.

Part II will include items mostly related to Finland, Baltic States and Russia, and will be auctioned at our auction no. 350, which will be held in Helsinki on 9 December.

All shades of classic Sweden (F1-51) are verified by Olle Pettersson

The Swedish Post reference collection sent out by UPU (lots 1839-1881)

This fantastic collection is hereby offered for sale in 53 lots, all in single countries or groups of countries. NO SINGLE ITEMS AT ALL are taken out of the individual collections, with one exception - the used Sweden 20 on 30 öre variety (lot 1124).

The first lot 1839 consists of the amazing two Liechtenstein albums with the oldest part, see the more detailed description below. Lots 1840-1880 are all with very few exceptions unused collections on leaves with the country name written by hand in the top of the pages (Australia and parts of new Guinea are cancelled, as specimens are from those areas. Aside from this, there are very few used stamps). Virtually all areas of the world are represented in these on-leaves collections.

- 1839v ALL-WORLD collection 1840s–about 1902 in two old Liechtenstein albums. The FANTASTIC SWEDISH POST REFERENCE COLLECTION sent out by UPU with stamps up to the start of the 20th century. UPU sent out the stamps OR SPECIMENS of stamps to member countries postal authorities. A minor number of stamps are proofs or reprints (e.g. Portugal, USA back of the book, etc). Since UPU started 1874 the albums have obviously been completed with pre-UPU issues in several cases (e.g. Sweden with reprints of the skilling set). Especially for Britain and Colonies there are many specimens. Even though the stamps are stuck to the pages (often at the top, gum often intact/original in bottom part) and hence should be considered in the (x) quality, the stamps are otherwise generally in good quality. The catalogue value is obviously huge. The collection is usually well-filled throughout and there are many, many expensive and attractive stamps or specimens in the collection, e.g. British commonwealth high values, USA, France and what not. The only way to give the collection justice is to view it and on the website, all pages in the albums that have stamps are photographed so that you can view the entire collection even if you can not come to the viewing. Enjoy the collection, a kind that is seldom seen. (*) 100.000:-

The collections generally start with the issues of the first decade of the 20th century and move on until around 1950. They are usually quite complete with most if not all of the expensive issues represented either as regular or SPECIMEN issues. The quality is mixed in the sense that before 1918-1920 the stamps are often stuck to the album pages and hence should be considered as no gum stamps, while after that they are often mounted with hinges. The hinges are often quite tightly stuck to the album pages so that even if these mounted stamps often are fine, one has to be careful when removing the stamps or examining the stamps at viewing. When particular stamps and sets are mentioned they are unused with full gum (not stuck) unless otherwise stated. There are very few stamps that are damaged or with faults except for the gum issue mentioned above.

The reserve prices are intentionally set low. All collections are to a large extent presented at www.philea.se

Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 24 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och telegrambud är budgivaren ansvarig för ev. fel och missuppfattningar. Vid registrering för telefonbudgivning tolkas det som ett minimumbud på 2000 SEK per objekt och auktionären har rätt att bjuda upp till denna nivå utan ytterligare godkännande från budgivaren, om inget annat avtalas.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad.

Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 24 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening. AB Philea har ensam rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 24 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone or telegraph. By registering for telephone bidding the bidder authorizes the auctioneer to bid up to 2000 SEK for each lot, with no further approval from the bidder, if nothing else is agreed.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures.

Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law.
