Preface

We are happy to present our auction in conjunction with STOCKHOLMIA, this great philatelic feast that we also are leadership patron for. The auction is held at Sheraton Hotel in Stockholm on Friday 31 May at 11 am.

We are presenting many high caliber items at this sale, e.g. Sweden including many superb copies of Swedish single items, a great section Swedish local mail ex. Bo Olsson (at the end of the sale to avoid colliding with meetings at the exhibition), and good collections. The foreign section is indeed strong as well, including more than 40 lots from China with e.g. a great dealers stock, Great Britain and colonies, France, Germany, comprehensive India, Switzerland, USA and more. Last but certainly not least - the great worldwide collection reserved at SEK 200000 with a quality far beyond normal, simply a must see for the discerning worldwide collector or dealer.

All items are viewable at our stand #43 during exhibition hours (except for some larger boxes) and in our offices before the exhibition, see previous page.

Welcome to a beautiful early Summer Stockholm and to an exciting sale!

Peter Johansen and Christer Svensson, with staff.

- 1001L** FERDÉN – CENSUS OF SWEDISH MAIL UNTIL 1940 (Staffan Ferdén, 2019), numbered copy **001** of the edition of 130. Close to 40,000 mail items with approx. 60,000 auction results and other references for the period 1872–1940 are listed in four hardbound cloth-covered volumes in one slipcase. In addition overviews are presented for foreign mail – partly for the prephilatelic period including mail sent to e.g. Swedish possessions, German states and other territories; partly for the stamp period 1855–1872. In total 1700+ pages and 1946 pictures. Foreword (extract) by Jonas Hällström RDP FRPSL: "Collectors of Sweden, as well as dealers, have longed for a book of this nature for a long time. Staffan's magnum opus joins the ranks of the best in philatelic reference books, not just from Sweden but from around the world. Furthermore, I cannot imagine that anyone will be able to improve upon this information in my lifetime. We will all be able to use this source in one way or another. ex 1602

1602L Indeed impressive ALL USED collection 1840–1918 in four large Scott albums from all over the world. The collection is a result of decades of serious collecting and the collector has put great emphasis on quality (for instance has the collector mentioned that any bad quality has been discarded and he would rather not have the stamp than an inferior copy), this obviously meaning that the quality is far better than normal for worldwide collections. It is simply clean and appealing in every respect including the albums! Sometimes one is surprised to find cheaper stamp are missing when expensive ones are present. The collection is overall well-filled and many really good stamps are represented. It is actually a great collection to keep on collecting because of the nice albums and a reasonable amount of empty spaces to fill, so a serious world-wide collector should have a lot of fun continuing with this wonderful "philatelic piece of art". 60 certificates/ opinions are included. There are many mentionable areas in the collection incl. the Nordic countries, USA, Britain with a "magnet" £5 orange, German States, France and colonies, Canada with areas, China, Portugal, Spain, Switzerland and what not! We have provided hundreds of pictures for you on the website but we recommend the mouth-watering experience of viewing it in person. We recommend that you book a time with us for viewing as we will give priority to booked viewing sessions over "drop-in" viewing. The reserve is obviously low. Enjoy! ☉ 200.000:-

SWEDISH LOCAL POSTAGE STAMPS

SVENSKA LOKALPOSTFRIMÄRKEN

Ex. Bo Olsson

AB Philea has got the privilege to auction the very large collection of Swedish local postage stamps, mainly from the third period, formed by the late Bo C. Olsson in Gothenburg (1942-2018).

Bo was the founder of the Swedish Cinderella Stamp Society, Samlarföreningen Bältespännarna, in 1966. Being a well known profile, especially in the Cinderella world, both in Sweden and abroad, he already in the mid 1950s started to collect the issues of the Swedish private posts. This was very early and before other collectors. During the following decades he built up one of the most comprehensive collections ever existing. It includes singles, blocks, sheets, booklets, errors, proofs, different perforation varieties from the sheets, etc. And, not least, postal history items of different kinds including a large number of genuinely sent commercial covers.

Please study all lots in detail. Many of them also include "smaller gems" seldom seen. Some of the local posts are in themselves hard to find even as single stamps; here are often multiples, sheets and also covers! Examples include Kristianstad, Karlstad Lokalpost & Budcentral and Västervik.

Several lots offered here are of "the one of a lifetime-kind". You will find a large number of rarities and also unique items!

For this type of rare material being very seldom, or never, on the market, catalogue prices can, as we see it, only be seen as vague guidelines, and also often not having been changed since many years. Still, we have aimed for moderate estimates.

With the many different collectors interested in these stamp issues: local post collectors, postal historians and not least all home town philatelists, we have split up the collection in lots for each town. The most scarce items are offered as singles.

Here is now a golden opportunity to add many rare items with a well known provenance to your collections and exhibits, giving them that very special extra!

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone or telegraph.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures.

Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law.

In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
