## Preface

At this auction we once again offer a good section early royal letters and manuscripts, as well as the second part of the fantastic collection of military mail formed by Harry Hohn-dorf which includes many interesting and scarce/unique items.

The remaining Swedish as well as the foreign section are also strong with many better singles and collections+accumulations from various areas. Finally, at the end of the sale we offer a substantial part of Esbjörn Jansons collection of matchbox labels.

We have endeavoured to make this an auction with very good content and at the same time limiting the number of lots offered. This is our third live stamp auction where you can bid online at the same time as the auction is conducted in our auction room.

Peter Johansen and Christer Svensson, with staff.

# The Harry Hohndorf

## Collection of Military Postal Stationery and Postal History – Part II

Thursday 25 November 2021 12 noon /  
*Torsdag 25 november 2021 kl 12:00*

Harry Hohndorf started collecting stamps early, and so successfully that he, after selling the collection, could afford purchasing one of the few private cars available on the Swedish market after the second world war.

A Ford Anglia, the apple of his eye, which after a minor collision could still be sold at a good price.

His collecting took off again in 1960 when a friend of the family handed over two bags with Swedish military mail with reply stamps to him. This became the foundation of the current impressive collection, which over the years grew to include Swedish military postal stationery, Swedish military mail 1805–1814, the Boer war, the Åland detachments 1918 & 1919, United Nations military mail, fieldpost, postal history and military mail literature. As Harry had a strong interest in history it became natural to also include supplemental material in addition to the covers themselves, to enrich and illustrate the history in several ways, and to be able to place an item in its proper historical context.

In our opinion, he became, the specialist with a capital 'S' and the expert with a capital 'E' on postal stationery military mail already during the 1980s, but over time also on areas related to military service abroad. Harry did of course contribute with his knowledge to the SFF and Facit catalogues. In SMPS 'Militärpostal tidskrift' (MPT) he has written more than 40 articles about our military postal stationeries, but also several about other areas. The foremost of the published articles, and still current on the whole, are 'Ålandsdetachmentets post och postanstalten Stockholm 30 krigsåret 1918' (the Åland detachment's mail and the post office Stockholm 30 during the war year 1918 in *Postryttaren* 1994 and 'Åländska demoleringsdetachmentets post 1919' (the Åland demolition detachment's mail 1919) in *Postryttaren* 1996. The still current handbook 'Svensk Frimärks Fakta 15:1 – Militärbrev med Svarsmärke' is largely based on Harry's knowledge and materials (fore example the proofs for many of the types and all the varieties, etc.) and may well be considered the "crown" of these stationery collections.

Most of the material now to be sold is mounted on album leaves, usually with associated facts and history – a veritable well of knowledge to tap from. All collectors of military mail and other people interested in history can now rejoice that Harry has decided to hand over this fantastic material, documentation and library to the next generation of collectors through AB Philea.

This is the true opportunity of a lifetime, with all that it entails.

ex 1351

1351A Thousands of stamps in an outstanding holding of primarily better items, mint and used, housed in a bulging 32 page stockbook, representing the more interesting parts of multiple purchases, both privately and in auction, made over many years. Some pages organised by country, some pages with no rhyme or particular reason, other than its potential value to research and eventually market as single lots – now left to the new buyer. For example, some of the highlights to break down include Italy, Switzerland, Netherlands, in fact much from Western Europe generally, especially good material from the 1930s and 1940s, as well as earlier, through to a diverse range of mint never hinged French Colonies from the 1960s onwards, particularly strong in French Polynesia etc, among diverse worldwide. This is not at all an easy lot to figure, as much is presented 'stamp on stamp', making viewing with sufficient time essential. However as a general rule, you will discover only a few pages, if any, with a net value of less than 2000 SEK per page and a good number of pages clearly worth multiples of that. In short, it must be viewed carefully in to order to appreciate the considerable upside here. Please study photo/scans on our website to get a flavour of this lot.

1352A Thousands of stamps, housed in a well filled stockbook with the pickings of dozens of collections and accumulations made over several decades by a retired dealer, many diamonds in the rough noticed! From 1840s Britain blacks and blues, through to good British Commonwealth King George V/King George VI, as well as Queen Elizabeth II MNH high values, etc. For the most part chaotically presented – there will be a lot of work involved to break this down, yet the rewards will be huge. <b>1353L</b>	<b>Very diverse, very interesting range, mint and used, filling four large boxes with over 50 volumes from the 19th century onwards. Many better albums including British Commonwealth housed in two Imperials, good South America, especially excellent Ecuador and Brazil etc, French Colonies including much 19th century back of the book, unlisted material, especially the imperf revenues, mint Swiss face value as bought on a new issue service all complete sets including defins, Ottoman Empire/Turkey with very challenging 19th/early 20th century with much deserving further research, worldwide old time grandfather collections, etc. This description is just the tip of the iceberg, no doubt Michel catalogue value will easily run into hundreds of thousands of euro. Condition mixed on the earlies as to be expected. Viewing highly recommended and valued conservatively, This is ideal for a dealer to break down for shows and/or internet to many hundreds of lots. An opportunity not often available as one lot.</b>	★★★/★/☉	<b>30.000:-</b>
<b>1354L</b>	<b>A huge stack of album leaves, filling a substantial box with several hundred pages, mint and used, from the 19th century onwards. Virtually every section has been separated, yet it is still a mammoth task to go through this, page for page. Viewers, allow plenty of time on this, preferably with a calculator and 'A to Z' catalogues, so much value here, highly recommended.</b>	★★★/★/☉	<b>20.000:-</b>

**1369L** Covers. A very interesting and diverse range, of many hundreds of items, perhaps more, all housed in a box we are handling from a large estate. We picked out all of the covers and there are many good covers here to research. Best is probably the Great Britain including Queen Victoria caricature with stamp as part of design, etc. However it is all world and includes plenty of British Commonwealth, 19th century classics incl. a fabulous Lombardy-Venetia cover 30 + 15 cts, tied by the same cds with the 30 cts clearly a broken frame, which we have not seen before and much more, enjoy a good lot. The Esbjörn Janson Collection – Part III (Matchbox labels)

*Esbjörn Janson, Gothenburg, who passed away 2019, was not only the Grand Old Collector of Cinderella philately, he was also a legend within phillumeny collecting. Having started already in the 1940's, his collection of Swedish matchbox labels, used in Sweden and abroad, was almost unmatched. His estimate was that he had well over 40.000 labels, a number that we have noted as being low, covering all kinds (not least in different sizes), from most of the factories, in different themes and much, much more.*

*Basically there is only one thing lacking in the collection – having it organized and mounted! A lot of the material is still very much just as he had acquired it during his almost 80(!) years in the field. There is a huge mix, where the vast majority is sorted or unsorted in glassine envelopes housed in a number of file boxes. We have aimed to divide it into suitable auction lots. Given Esbjörn's knowledge and eagerness for the rare and "that special" it goes without saying that the possibilities to find something for your collection are very high.*

*Esbjörn also knew many other collectors of matchbox labels, not least Arne Tejder, who was a close friend. This sale ends with Esbjörn's library of phillumeny literature. The gem is Arne Tejder's large catalogue and handbook of the Swedish matchbox labels with a personal signed dedication from the author.*

*As usual, we recommend a close look at our website which have pictures of most the lots. The printed catalogue show just a few.*

*Considering the size of material we have split up the sale to more than one occasion. This sale covers the major part. Still to manage are some more of the Swedish factories' labels, which will be put up for sale on our upcoming auctions.*

*If you are interested in matchbox labels and this part of the Swedish industrial history, you are welcome to this rare opportunity to add interesting and unusual items to your collection!*

## Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

## Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
