Om ni besöker vår visning ber vi er att skriva hela lotnumret inklusive eventuella bokstäver. Detta anger vilken typ av objekt det är fråga om så att vi lättare hittar dem:

A = Album

K = Envelopes / Kuvert

P = Folder / Plastficka

Nummer inom parentes vid objekt = ungefärligt antal märken.

Number within parenthesis for lots = approximate number of stamps.

Budgivning: Se anbudsblanketten. Anbud bevakas på förmånligaste sätt. Deadline för bud som inte läggs via hemsidan är klockan 8:00 respektive auktionsdag.

Köparprovisionen är 25 % för alla objekt, plus en slagavgift på 20 kr per objekt.

Avhämtning i Stockholm, Göteborg, Kalmar och Helsingfors: I Stockholm, under pågående auktion, därefter vardagar 10–17. Vi tar en avgift för att leverera objekt från Stockholm till övriga kontor, som är en kraftig rabatt jämfört med Postens kostnader. Se anbudsblanketten.

The auction is an online live auction – with no auction room

We recommend that you create an account on our website in good time before the auction if you have not already done so. You can then leave bids beforehand or bid live when the lots are auctioned, on www.philea.se. The auction schedule is found on page 7 and the system will auction at most four lots a minute.

We no longer require scheduled appointments for visiting the viewing, but naturally you still shouldn't visit if you are ill. The viewing hours are found on page 7 and you may view during the ongoing auction.

You can bid using your mobile, tablet or laptop while at our premises during the auction and we will also set up terminals for customers to borrow for bidding. You may pick up bought lots throughout the auction days and during regular business hours after the sale.

If you are unable to bid online, you may give us your bids beforehand by post, email, telephone or to a member of our staff at the viewing, at least an hour before your lots are auctioned.

We also offer "live" telephone bidding for lots with reserve SEK 2000 and up. For lots reserved at less than SEK 2000 we will bid on your behalf up to SEK 2000 if competition so requires, and only thereafter confirm your continued bidding. This is to speed up the auction process. We need to know what lots you want to be called for no later than the day before the auction.

Auktionen är en online live auction – utan auktionssal

Vi rekommenderar att du i god tid före auktionen skapar ett konto på vår hemsida om du inte redan gjort det. Du kan då lämna bud i förtid eller bjuda live när objekten klubbas, på www.philea.se. Auktionsschemat finns på sidan 7 och systemet kommer att auktionera max 4 objekt i minuten.

Ingen föranmälan behövs för att besöka visningen, men naturligtvis gäller fortfarande att du inte ska besöka oss om du är sjuk. Visningstiderna framgår på sidan 7 och som vi har även visning samtidigt som auktionen pågår.

Du kan bjuda via din mobil, surfplatta eller laptop, och det kommer också att finnas terminaler tillgängliga i våra lokaler för att bjuda online. Köpta objekt kan avhämtas löpande under auktionen eller efteråt på våra öppettider.

Om du inte har möjlighet att bjuda online så kontakta oss för alternativ. Det går bl.a. bra att före auktionen lämna skriftliga bud direkt till oss på vanligt sätt, inklusive till någon av våra medarbetare under visningen, senast en timme före dina objekt auktioneras.

Det går även bra att bjuda "live" på telefon för objekt med utropspris på minst SEK 2000. För objekt med lägre utropspriser kommer vi bjuda för din räkning upp till 2000 om konkurrensen så kräver och först därefter bekräfta din fortsatta budgivning. Med andra ord, om du inte vill "gå upp till" 2000 för ett objekt som du vill vara med på telefon på, ber vi dig lämna skriftliga bud istället. Detta för att påskynda auktionsprocessen.

2620P	Lot. A charming and most attractive collection, mint and used specifically for King George VI definitives in uniformly good condition throughout. Please note that the toning on the 12/6 key plate is completely normal for the first issue of the George VI definitive. There is much MNH throughout and when used, it is overwhelmingly circular date stamps. There at least 2/–×24, 2/6×12, 5/–×15, 10/–×4, 12/6×5 and £1×5, as well as a few covers. There are many permutations and types here, especially in the written up perf studies, as well as the more obvious shades, notwithstanding the high likelihood of varieties to discover as well. For the dealer or collector specialist of this area, a most enjoyable viewing awaits, for the most part uncatalogued. Please allow sufficient time for study. Britain			
2621 4a	1841 Queen Victoria, with line under Postage 2 d blue, watermark small crown. A most unusual block of six of the 1841 2d blue, on piece, all used with neat ‘21’ in oval pmks and corresponding And over double circle pmk, lightly to upper left. There are a few small faults, nevertheless as a used multiple of six, this is highly unusual and scarce. Cat. as single stamps only at £660 SG #15, this is however as a multiple many times scarcer than that due to its rarity in this block format.	○	2 000
2622K	Collection/accumulation. An extraordinary reconstruction, seldom seen for one specific plate, especially a good one! This is the Queen Victoria 6d mauve (without hyphen) on plate #8, SG #109 cat £140 each. This is ex Charles Nissen/Hadlow stock housed in an exercise book, specifically for the reconstruction of GB surface printed. The quality is uniformly good throughout, from our checking everything we saw was in excellent condition throughout. There is a total of 555! This is an attempt to build 2–3 complete reconstructions of this plate by check letters and represents a catalogue just under £80,000. This is ideal for a dealer to replenish stocks very inexpensively, good condition at at less than 1% of catalogue! A one-off opportunity.	○	8 000
2623P	Lot. About 200 or thereabouts definitives Edward VII 1/– all strong colours, virtually all CDS or light oval registered, hand picked for quality. This is a excellent accumulation of the 1/– value with a catalogue range on the de la Rue and the Somerset house printings – both are here – making a total highly likely to be between £10,000 to £15,000. This a recently discovered hoard and much recommended for a dealer, our valuation is very conservative.	○	4 000

Other items seen incl. the US definitives o/p mint and used to the 10 cts, also postage dues to 10 cts, special delivery, etc. Unquestionably needs a lot of work, yet so much substance here. 2897Av	Montenegro Very probably an irreplaceable range of many thousands of stamps, chronologically ordered mint and used in parallel, a most challenging lot to view as virtually everything is housed stamp on stamp, from the first issues through to early 20th century. It should also be mentioned that throughout this fabulous range there are 'a' numbers and similar material that is not listed at all incl. perforations/varieties, etc. An opportunity seldom available to buy a very comprehensive holding of this wealthy European country. 2924A	A most interesting accumulation from the classics onwards with the main value in the first blue volume, mint and used, beginning with the coat of arms imperfs of Moldavia Walachia with about 50 of these, incl. different papers, followed by the Prince Carol types left profiles 1865 and 1866/67, similarly the 1869/70 types mint and used and the 1869/71/72 imperf Prince Carol types with virtually every type represented. In these three categories alone, there are about 200 examples and as far as we can see all genuine including the key and high value denominations, be it all in mixed condition. These pages alone very probably have a five figure catalogue value, followed by the perforated issues of 1872 onwards with hundreds of these again incl. used multiples, as well as a many postmarks from the various principalities of Romania. The holding continues with early 20th century esp. the pictorial types in strength, etc. The other two albums are essentially a mint new issue service for the 2000s with several dozen pages inc souvenir sheets, comprehensive, with a substantial new issue cost. A two generational holding that will delight any serious collector or dealer of this increasingly popular country.	★ ★/★/⊙	8 000	2936Da	Collection 1923–91 in box. In very nice stockbooks. You can easily search for your own personal area of collection when you press "Search stamps" and fill in one or more alternatives in the form. For example, you can find British Colonies in Africa before 1920 all canceled, or dogs from countries in Europe ** all after 1990.

The result is a chronological list, where you don't have to riffle amongst numerous uninteresting lots.

You don't even have to be logged in to look at our stock, and there is lots to choose from!

If you order for more than 500 SEK and at least 5 "discount approved" lots (almost all), you will get an automatic discount. If you purchase for even more, we will offer an even greater discount.

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remain the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskottsfaktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objektet eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
