Preface

At this auction we have a nice section Sweden incl. postal history, the highlight being *The Michtner Collection of classic Sweden and rare watermarks – Part 2*. Many nice collections are also offered. The foreign section is strong as well with many singles and collections / accumulations.

We have endeavoured to make this an auction with very good content and at the same time limiting the number of lots offered.

More and more clients are getting used to bidding online and therefore we do not offer floor bidding at this sale. For clients who are uncomfortable with live bidding on the website we recommend that you bid beforehand alternatively we assist with telephone bidding subject to staff availability.

Peter Johansen and Christer Svensson, with staff.

The Michtner Collection of classic Sweden and rare watermarks

1938 DKFM. Klaus Michtner 2021

Born and raised in Vienna, Klaus Michtner started collecting stamps very early despite modest means. After taking his diploma at the Vienna University of Economics in 1962 Klaus entered directly into the family firm as an optics wholesaler. Except for Austrian philately, Klaus' interests now turned to Scandinavian and especially Swedish philately. Klaus was an enthusiastic buyer at auctions and his favourite sales were the two legendary auctions of Lauson H. Stone held by Göta Frimärken in Gothenburg in 1990, when he had the opportunity to buy many of the offered items for his collection.

After having sold his company in 1999 Klaus also began to sell off Swedish letters sent to foreign countries at four special auctions at Høiland 2000–2002 under the name 'Vienna Collection', and later at other auction houses. However, he kept all the rare printed matter mail and also all letters sent to Austria. Klaus' interest for Swedish philately and postal history continued and over the years he covered almost every aspect of the classic period at some time. He became quickly self-taught regarding postal routes, accountancy notes, and other in-depth aspects of postal history. Some of his knowledge has been shared with other collectors e.g. through articles in 'Aktuellt om Posthistoria' No. 12 (2014) and No. 13 (2016) published by SSPD. Further, Klaus held occasional presentations, e.g. at Vindobona in May 2019. Klaus also presented some of his collections as exhibits, i.e. 'Swedish Printed Matters 1855–1921' which was awarded Gold and a special prize for the material at Baltex 2014 and Gold at Malmex 2018; 'Foreign Cancellations on Mail from Baltic and North Sea Countries' which was awarded Vermeil at Nordia 2015; and 'Austria-Hungary – Sweden-Norway The Mail Traffic 1682–1918' which was awarded Large Vermeil at Stockholmia 2019.

Due to age Klaus continued to sell his collections; at Philea he sold much of the Swedish material, e.g.: foreign-related prephilately (2012), incorrectly franked letters (2013), early letters sent to Italy (2014), Circle type posthorn and postal history (2014–2015), shipmail (2015), transit mail Gothenburg–Hull and the rare colour-proof of 5 öre Oscar in brown colour (2017), foreign postmarks (2017–2018) and important printed matter mail (2020–2021). In conjunction with the sale, the complete 'Swedish Printed Matters 1855–1921' exhibit was published as a book, still available at Philea for purchase.

On October 24th 2021 Klaus sadly passed away and now the time has come for the sale of his remaining material. On this first sale selected Swedish stamps and especially rare watermarks are offered – many items have not been on the market for decades.

We choose to recall Klaus' own closing words at the last sale with us:

'All the best to Swedish Philately – it has been and still is a great time for me'

2555L	States Revenues collection 1860s–1979. Outstanding collection of revenues and back of the book, housed in 19(!) albums housing 1000s of stamps. This represents one man's lifetime collection and includes states that were part of other states for postage purposes, yet this was not the case for revenues where they were separately printed state for state. So not only is there some very unusual material from the Native states as listed in Gibbons, there is much from other Native states, often unlisted in much of the literature on revenues, it is that comprehensive. This represents a collection that is very probably irreplaceable today. It is one of the best collections of its kind that we have had the pleasure to offer, an opportunity seldom available in the market today. - 2671Av Outstanding collection of 1000s of stamps, all one of a kind, housed in two well filled albums, from the Tughras onwards of 1863, both mint and used, both thin and thick papers, also accompanied by the postage dues of 1863. Every page is well written up and the 'crescent and star' Duloz issues of 1865 definitives are beautifully presented both mint and used including multiples and an expansive array of shades, the same applies to the postage dues from 1865 with the best written up range of perf varieties we have ever seen. A similar pattern emerges with the Duloz 1867 issues, accompanied by an interesting range of stamps that were prepared but not issued. Then the 1868 Constantinople types with much attention paid to all the different shades, etc, not forgetting the Lianos issues both perf and imperf and small horizontal format 1865/66. Then follows the 1870/82 types with the various different coloured hand stamps and a rather unusual type III latin inscription, as well as postal history from 1865 through to 1870s used and then a good range of mint p.stationery and reply cards, again all one of a kind. Then follows the 1876 types mint to 25pi inc imperf, followed by 1884/6 to 25pi, various mint imperf of the same again through to 25pi, as well as colour changes and different papers to 25pi high value. As is keeping with the collection, the postage dues of these years both perf and imperf and in multiples are present. Next the 1890 issues complete mint, as well imperf high values, with the 1891/92 newspaper stamps seemingly complete including expertisation, as well as much material unlisted and a good reference collection written up accordingly. Then again this is followed by the postage dues seemingly complete and the military posts, through to turn of the century, page after page of completion inc much back of the book and basic good sets such as the 1908 foreign correspondence and granting of constitution complete mint, as well as the 1909 o/ps accession issues on to Mehmed V 50pi mint, the Macedonia issues, yet further postage dues, followed by the 1914 issues to 200pi and the same surcharge 1915. This is all in the first volume! The second volume is just as interesting as the first, again with hardly any empty spaces through to the end of the Ottoman Empire with a special extensive range of the provisional issues from 1865 onwards with many seldom seen stamps here as well, ending with yet further back of the book inc Tripoli and Balkan wars 1911/12, etc. A remarkable collection, a lifetimes work, completely uncatalogued but we estimate will be in the order of €40,000 to €50,000. ★★/★/☉ 25 000

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avgas i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskottsfaktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enskilda objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 % och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
