	Bermuda – Brazil	
2882P	Bermuda Lot. A charming and most attractive collection, mint and used specifically for King George VI definitives in uniformly good condition throughout. Please note that the toning on the 12/6 key plate is completely normal for the first issue of the George VI definitive. There is much MNH throughout and when used, it is overwhelmingly circular date stamps. There at least 2/–×24, 2/6×12, 5/–×15, 10/–×4, 12/6×5 and £1×5, as well as a few covers. There are many permutations and types here, especially in the written up perf studies, as well as the more obvious shades, notwithstanding the high likelihood of varieties to discover as well. For the dealer or collector specialist of this area, a most enjoyable viewing awaits, for the most part uncatalogued. Please allow sufficient time for study. The entire lot is presented at www.philea.se. ★★/★/☉ 5 000	
2883L	Brazil Very attractive collection housed in 7 albums with every one crammed to capacity, mint and used, the latter primarily for the 19th/early 20th century. Much of the mint has been bought on a new issue service up to 2010, cat figures given to us by the collector (low in our opinion): The first book without consideration of the first pages with various the 'eyes' €4000, then 1900–1965 €1100, 1966–1981 €2000, 1982–1992 €1200, 1993–2000 €900, 2001–2006 €470, making a grand total of €10,170, there is also a 7th album to 2010 uncatalogued. In our opinion these albums today will catalogue €12,000 to €14,000 euro. This is far more than a foundation collection, it is missing little to complete. A delight to view, a much recommended viewing. It is good to see such a well filled collectors collection including unlisted, some 20 years in the making. Mostly ☉ 10 000

This is the Queen Victoria 6d mauve (without hyphen) on plate #8, SG #109 cat £140 each. This is ex Charles Nissen/Hadlow stock housed in an exercise book, specifically for the reconstruction of GB surface printed. The quality is uniformly good throughout, from our checking everything we saw was in excellent condition throughout. There is a total of 555! This is an attempt to build 2–3 complete reconstructions of this plate by check letters and represents a catalogue just under £80,000. This is ideal for a dealer to replenish stocks very inexpensively, good condition at less than 1% of catalogue! An one-off opportunity. ☉ 5 000

- 2931Pv** Covers. Very well written up and researched collection, housed on quadrille album leaves, beginning with an extraordinary registered multiple with regular coiling dragon from Peking, plus French PO 5 cts, Japanese PO 1 sen, CEF ½ anna, US PO 1 ct Franklin, Germany 5 and 30 pf, a most eye catching visual item. Next is the 10 pf German eagle commercial usage with a redirected cover to Germany for the Deutsche Marine Schiffspost, followed by blue and black Expeditionary Forces pmks, then an extraordinary double oval rare Paotingfu pmk internal usage to Shanghai, right in the middle of the Boxer Rebellion, followed further postcards, illustrated individual photo commercial usage from Kiautschou, etc. Further postal history to enjoy, not least of which is the double circle seldom seen Shanhaikuan strike, etc. One of the best postal history collections with specific strength in the Boxer Rebellion era we have had the pleasure to offer. We can't help thinking there are some very scarce items here for the specialist to research and identify. The entire lot is presented at www.philea.se. ✉ **10 000**

2933A	Cuba Well over 1000 stamps from dozens of imperfs onwards, overwhelmingly 19th century with Spanish and US Administration. There is occasional duplication, however often in better material waiting to be written up and put in to the main collection. There are extensive shade studies with enormous potential with the 19th century. There is also about 200x19th century fiscals from imperfs onwards, as well as values mint on the early shields to 4 pesetas from 1879 onwards. Other items seen incl. the US definitives o/ps mint and used to the 10 cts, also postage dues to 10 cts, special delivery, etc. Unquestionably needs a lot of work, yet so much substance here. This is very much a 'work in progress' lot, most worthwhile and conservatively valued.	Mostly ☉	3 000

3013P	<p>Colonies A well balanced collection, mint and used starting off with POs in China, this being the only catalogued section at a minimum of €700 – these include the different angle o/ps on the eagle issues 1901 to 1 m and the dollar o/ps 1906 this to \$1. A similar pattern with German POs in Morocco from 1899 complete eagle o/ps, through to 1911 high values to 3 m, followed by equivalent 3 pesetas 75 cts surcharge, on to German POs in Turkey again with eagles complete and various different Germanias to higher values 2 m here with lots of interesting pmks to research. The German Colonies proper begins with DNG incl. o/ps through to Kaiser's Yachts wmk to 3 m, followed by DOA with both horiz and vert o/ps, latter complete and Kaisers Yachts to 2 m without wmk and to 1 m 1906 MNH. Then DSWA with various diagonal o/ps different types with and without hyphen to 50 pf 1900, more Kaisers Yachts to 1 m incl. latter used, followed by mixed m&u 1906 to 3 m. A similar pattern with Cameroons, Caroline Islands, Kiautschou to \$2 ½ Marian Islands, Marshall Islands, Samoa and Togo, all with a very good representation of early o/ps to Kaisers Yachts to high values. 100s of stamps here, m&u, virtually all one a kind save the postmark studies, a much recommended and enjoyable viewing. 3161Av		Montenegro Very probably an irreplaceable range of many thousands of stamps, chronologically ordered mint and used in parallel, a most challenging lot to view as virtually everything is housed stamp on stamp, from the first issues through to early 20th century. The holding is completely uncatalogued, well filled to bulging in one substantial volume ending with back of the book and material we have never seen before. It should also be mentioned that throughout this fabulous range there are 'a' numbers and similar material that is not listed at all incl. perforations/varieties, etc. An opportunity seldom available to buy a very comprehensive holding of this wealthy European country. - 3199A 1000s of stamps mint and used, housed in 2 very well filled volumes from 1917 to the 1940s, starting with high values, both perf and imperfs during the revolutionary period and much back of the book, extensive in research. Perhaps with the more obvious value is the commemorative section of the 1930s, nevertheless the better collection is very probably the first volume 1917–29 with, for example, Yvert #184a wing marginal imperceptibly hinged cat €800, as well as many other better stamps of the Youth Stamp Exhibition o/ps. The inflation overprints are also so extensive inc unlisted, through to the 1923 workers defines to 5rb with both A and B types to 3rb and 5rb. Also noticed the first issues of the long Lenin high value types mint to 10rb, all differentiated inc the seldom seen #331b, etc. In the mid 1920s a good range of both perf and imperf sets mint and used with plenty of material, page after page, much identified. The second volume as indicated loaded with value and reflects the pattern of this collector, he went for material 'outside of the box', as well as basic good sets, etc. Substantial and valuable, a much recommended viewing. ★★/★/☉ 10 000
- 3200A Useful collection housed in one volume, primarily used, all Tsarist, starting off with an impressive 4 margined #1 with straightline cancel, then 1858 types incl Yvert #5 unused, cat €300 and 5 examples used, 3x examples of #6 the 20kop, all attractive cancels, as well as #7 with number in dotted circle cancel, these alone cat over €1000. Also present same #7 unused, rich colours, small faults cat €1000, followed by 3x 1863 mint blue and black 5 kop and interestingly a used #1 Poland, pmk '17'. Further issues with manuscript cancel with a block of 4x #9, cat as singles €1000, followed by a lot of further good issues to the 30 kop, cataloguing 1000s of euro to study. There are many more of the Tsarist types to 30kop, incl. good number of superb - all in all there are 1000s of stamps here chronologically organised inc #37, the 7rb without thunderbolts at €750, etc. Simply put, a great collection with so much more here, also included collateral, literature, etc. ★/☉ 10 000

A quality collection, mint and used, written up, firstly the 1866/75 Tsarist types to 30 kop, the latter a superb cds, perf 14 ½ by 15, then further studies of these defines 1875/82 incl the different papers and perf types, posthorns without thunderbolts, etc. Then 1899 through to the 20th century inc blocks of 4 o/ps 1912, 1913 Romanovs and many more multiples of Russia during transition incl. high values of the imperial types, through to the last years of the 1920s. Lots of varieties too among the 100s of examples here. Then a good study of the dual 'postage stamp/currency' types incl mint multiples, similarly with the surcharges, etc. Also extensive study of postmarks 1855 onwards with many dozen stamps to 30 kop inc coloured cancels, etc. Also seen cut squares from 1866 onwards, both mint and used, useful 19th century p.stats inc items we have never seen before. Also seen some interesting worker defines incorporated into large advertising vignettes used, as well as 1932 Yvert #460 MNH imperf pair with touched frameline on left, Gorki 15 kop, as well as further interpanneau pairs and saving stamps used as postage, etc. Much much more here to investigate a lovely collection that will delight the specialist.

Yukon, Lincoln and Hudsons mint, followed by the first Washington heads 1908/9 with a superb set mint complete to \$1 signed, #331 to #342, followed by the perf. 12 types to 10 cts mint, imperfs 1908/09, as well as an extensive range of coils, somewhat complicated. This section is well worth spending time on and will challenge even the specialist, more obvious Pan Pacific complete incl. both perfs and shades, e.g. #397 through to #404 (cat \$1400), yet further regular defines, as well as plate blocks and a somewhat unusual Kansas City roulette block of 4, all mint with as far as we can see perf 8 ½ horiz and vert complete, as well as perf. 10 horiz comp incl. face/paste up pair, perf. 10 vert 1, 2 and 5 cts, the latter followed by Franklin heads with shades, virtually all mint, yet further coils this time 1914/16 incl. pairs with occasional certificates leading to the \$2 and \$5 Madison mint, yet further imperfs and coils with again few empty spaces, ending with Franklin \$1 mint, again with shades, the single 5 cts error in block of 6 and finally the rectangular \$2 and \$5 Franklins mint (and yet more printing types). Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnares räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
