## Preface

Welcome to our June stamp auctions!

The first 'Quality auction' #421 is held on June 10th starting at 11 am and is auctioned both online and in our auction room.

The sale contains e.g. a good section of Swedish foreign-related pre-philately and stampless mail and also a special section of Iran as well as a range of 'one mans' country collections.

During the sale we will offer a small selection of typical Swedish summer food and drinks. Please inform us a few days in advance if you want to participate in person at the sale.

The second auction #422 held on June 11th, also starting at 11 am, is a ordinary International auction offering a wide range of material from Sweden and the World including e.g. bargain boxes, as usual. This auction is live only, no floor bidding. The catalogue is only available at [www.philea.se](http://www.philea.se)

Enjoy the auction and the beginning of Summer!

Peter Johansen, Christer Svensson and all coworkers at AB Philea

'THE MOUNTAIN POST LETTER'. Unpaid letter with content dated 'Tamsö 23 Juli 1857'. Delivered to a post office box in Repvåg on the Norwegian mainland and addressed to John Wolley, a travelling English ornithologist with the address Johan Borgen, Hammerfest. According to the letter's content, a shipment of bird eggs followed to Wolley, HAMMERFEST, then redirected 1.8.1857 to Wolley's permanent residence, Muonioniska on the Muonio River (Swedish Lapland). Borgen sent the letter via the Alten post office, but since this place did not have the postal address, the letter was sent back to Borgen, who redirected it to Wolley's address in Stockholm. The letter was then sent via ALTEN 28.8.1857, arriving in Haparanda on 16.9.1857 (the mail went via Alten-Maunu-Sopporo-Vittangi-Pajala-Haparanda to Stockholm). Allegedly, the letter was sent in a special envelope (which is documented at other border stations) including 4 skilling to the Post Office in Haparanda, which franked the letter. The letter is one of very few known Norwegian letters with foreign franking. EXHIBITION ITEM. Certificate HOW 4, 3, 4, 4 (1998) and Mats Nilsson 4, 3, 3-4, 4 (2026).

## Ireland – Italian East Africa

- 2692P** Ireland an extraordinary IRA censorship cover, 1921 tied by county Wexford pmk and I.R.A. censorship reverse from mail raided on June 1st 1921. Exhibition item. ☒ 1 200
- 2693Ud** Ireland One man's lifetime collection housed in over 70 large albums, representing every County, not just the post 1922 era but also during the transition to the Irish Free State, as well as when part of the UK from QV onwards – thus representing about 130 years of postmarks including many on cover from the 1840s onwards. Virtually every conceivable city, town, village and places present including those no longer, particularly villages integrated into towns. There are approximately 5000 pages here between the 70+ albums, all written up in alphabetical order of the Counties, an extraordinary enterprise, as well as extra research papers. The 26 counties represented from Carlow, Cavan, Clare, through to Westmeath, Wexford and Wicklow. There are well over 1000 villages, towns and city districts, all available to find easily by use of County and alphabetically ordered places, for each album. The number of stamps should be around 40,000 to 50,000. The key to understanding this collection is its depth from the 1840s to the 1922 provisional o/ps, the latter well represented, evolving through to a full postal service functioning for the total statehood of Eire. Among the plethora of postmarks includes the more primitive rubbery and seldom seen earlier postmarks in Gaelic, through to the later sharper impressions from the 1930/40s onwards. Also, interesting postmark impressions are very crisp and clear in English on the QV/EDVII/KGV to 1922. This is definitely a unique opportunity to bid on one of the most comprehensive collections of Ireland postmarks ever seen on the market, this representing an estate we have been privileged to handle. In many respects, it should be in a museum for the reference of primary sources of Ireland's postal history and indeed history itself. An absorbing viewing awaits the specialist who will enjoy the scope and scarcity of the postmarks. A collection assembled by a true philatelist, formed over 50+ years. Approx. 15 kg. ☉ 60 000

2722Pv	<b>Very attractive and unusual complete sheets of the imperforate Prince Alexander Cuza definitives of 1865, SG #46 5 p blue, #48 20 p red and #49a 2 p orange. The catalogue as singles hinged alone is £150 per set i.e. £15,000 for the 3x sheets of 100. It should be noted that each sheet has five empty spaces to the bottom row and each sheet is particularly visually impressive as such. There is some toning on reverse of the 20 p red and a little toning this time on the selvage of the 5 p blue and occasional toning on the 2 p orange. Overall however, the toning is not at all obvious from the front of the stamps and given their age it is quite extraordinary to see such good condition generally, especially as never hinged. An opportunity very seldom available, much recommended.</b>	★★	12 000

## Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

A buyer's premium of 25% is added to the hammer price for both domestic and foreign customers (at the pure coin auctions the buyer's premium is 21%). A lot charge of SEK 20 per bought lot is added to the total buyer's premium. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for shipping and insurance are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone. For telephone bidding on lots with reserves less than SEK 2000, the auctioneer has the right to bid on behalf of the bidder up to SEK 2000 when the lot is auctioned, without having to confirm each bidding increment with the bidder on the telephone.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against an advance invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2% of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures. Foreign customers will receive advance invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot, incl. the buyer's premium and lot charge, will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved. Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law. In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

## Auktionsvillkor

Auktionen är frivillig och sker för inlämnarens räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avges i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 25 % på klubbat auktionspris (förutom på de rena myntauktionerna där köparprovisionen är 21 %). En slagavgift på 20 kr per köpt objekt läggs till köparprovisionen. Allt detta gäller även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall frakt- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefonbud är budgivaren ansvarig för ev. fel och missuppfattningar. För telefonbud på objekt med ett utrop under 2000 kr har auktionären rätt att bjuda upp till 2000 kr åt telefonbudgivaren utan att behöva få respektive budsteg bekräftat av budgivaren.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskotts faktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad. Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetsbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objekten eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 25 %, objektavgift och ev. porto.

Auktionären kan vid reklamation kräva intyg från opartisk välkänd expert. Objektet med äkthetsintyg kan, om auktionären så anser befogat, endast returneras om minst två opartiska och välkända experter har en från intygsskrivaren avvikande mening.

AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommit innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor. Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
