Gösta Karlsson in memoriam

26/12 1938 — 28/2 2020

Vår medarbetare och vän, Gösta Karlsson i Skara, avled den 28 februari 2020, 81 år gammal. Gösta började hos oss på Philea den 1 november 2007 och blev snabbt en mycket uppskattad medarbetare och vän, inte minst på grund av hans vänlighet, vilja att alltid ställa upp, underfundiga humor och enorma kontaktnät inom filatelin. Gösta, och sambon Olga Konovalova, har drivit vårt lokalkontor i Skara och var alltid med på mässor och utställningar. Paret blev lite av ankare i våra montrar och de hade full koll på allt som hände där. Sista gången Gösta var med i vår monter, trots allvarlig sjukdom, var på Stockholmia 2019 i månadsskiftet maj-juni förra året.

Olga och Gösta hade dessutom en framgångsrik filatelistisk ungdomsverksamhet i Skara med flera ungdomsutställare.

Vi sänder vårt varma deltagande till Olga och riktar ett varmt tack till Gösta för alla år du var med oss.

VI SAKNAR DIG!

Christer Svensson, Peter Johansen och alla anställda på Philea

1855Pv		Vatican Provtryck. An extraordinary and unique archival group of prolific Italian stamp designer Corrado Mezzana's original essays, over 70 beautiful hand-drawn works with the majority for issued accepted stamp designs, as well as further proofs and trials of the stamps, all purchased directly from the artist several decades ago and very recently re-discovered. It is difficult to choose highlights, there is a set of centres for the Anno Santo issue with unadopted frames on cut-out card to try the centres in, as well as large adopted designs, a beautiful numbered series of coloured drawings for the heads and buildings of the 1953 popes/buildings issue again with trial frame, as well as frames for the express stamp, also the seen 1952 stamp centenary with large adopted mailcoach design used for the souvenir sheet and a similar rejected design, unique set of beautiful chalk paper colour proofs of the first Vatican airmail issue affixed to perforated paper with the 80 c and 10 L (which were rejected just before issue), trial colours of the 1947 Air mail set to 300 L on signed card, etc, etc. A truly thrilling cache of irreplaceable and much unique philatelic material that must be viewed to be appreciated.		50.000:-	Coins, Sweden / Mynt, Sverige

The Esbjörn Janson Cinderella Collection

Saturday 4 April 2020 at 2 pm / Lördag 4 april kl 1400

A GOLDEN OPPORTUNITY FOR COLLECTORS OF CINDERELLA PHILATELY!

One of the foremost collectors of cinderella philately in Sweden and also internationally, was Esbjörn Janson of Gothenburg. When passing away last year he had been collecting for 80 years! Areas like revenue stamps, locals, poster stamps/labels/seals of different kinds, postal labels and postal history were his focus. His main interest was Scandinavia, but he was also a keen collector of other countries, not seldom "the whole world"!

All being a real golden opportunity to extend your present collection, or starting up a new speciality, with these special items hardly ever seen.

A GOLDEN OPPORTUNITY FOR CINDERELLA PHILATELY & POSTAL HISTORY!

AB Philea has got the privilege to auction the large collections of postal history, classical, and Cinderella philately, assembled by the late Esbjörn Janson in Gothenburg. When he passed away last year he had been an active collector for 80 years! His main interest was Scandinavia, but not seldom "the whole world".

Esbjörn Janson was one of the foremost collectors of Cinderella philately in Sweden and also abroad. His vast knowledge, many years of collecting, and close philatelic contacts worldwide gave him several opportunities to obtain both the very rarest items as well as large collections. All material marked "ex E. Janson" often also has the provenance of legendary collectors and dealers (not least in the Cinderella stamp world) as Henryk Bukowski (HB.), Sven Svensson (SS.), Sven Öberg (SÖ.), Otto Sandberg (OS.), and Åke Torkelstam (ÅT.).

Understandably Esbjörn Janson's collections are both extensive and widespread. Interestingly, the collections he purchased, perhaps put together as far back as a century ago, were often kept intact. We have aimed to organize, select, put together and split up all the material in a way to make it possible and easier for you to find just what you are looking for.

Really old collections, collected during a long time, with rare material, perhaps not out on the market for many decades, are unusual in these days. Here is such a "Golden Opportunity"!

To select and highlight just a few items is hard! His Swedish revenue stamp collection is one of the very best in existence, his Norway and Iceland collections are "packed" with rarities, and he was certainly "No 1" in most areas of poster stamps/labels/seals!

This time we recommend even stronger than usual that you go through the following pages. Read the descriptions carefully and study the images, not least all the extra photos we have for most lots on our internet site. Much of the material, not least the single items, is really rare, much harder to find than 3 skilling banco stamps! Despite this we have aimed for moderate estimates.

All the material is split up on two auctions. In this one, held in connection with the annual meeting of the Swedish Cinderella Stamp Society, Sf. Bältespännarna (of which Esbjörn Janson was one of the founders in 1966!) on 4 April, we focus on the Cinderella material. In the auction on 21 May, we focus more on his postal history material. Still, with many lots belonging to both areas, please study both auctions carefully!

Please note that this auction is held on Saturday 4 April, starting at 14:00, at our premises. Viewing of the material is on 31 March–1 April 10:00–18:00, and on 4 April 10:00–14:00.

This auction consignment has been processed by Mats Edström, one of our philatelic experts, who has decades of Cinderella philately knowledge and experience. We are also favoured to have had Lars Liwendahl, FRPSL, one of the leading persons in Cinderella philately today, as external consultant.

We look forward to seeing you in Stockholm, or participating by e-mail or phone.

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 25 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone or telegraph.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures.

Foreign customers will receive pro forma invoices.

Lots are sold in their present condition except where other remarks concerning their quality have been made in the catalogue or on Internet. This means, among other things, that defects not visible in photographs or deviations from descriptions of quality of individual articles/sets are not regarded as defects. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The auctioneer may in the event of a complaint request a certificate from an impartial well-known expert. Lots with certified authenticity may, if the auctioneer considers it appropriate, only be returned if at least two impartial and well-known experts have an opinion which varies with that of the person who certified the authenticity.

AB Philea has the sole right to appoint an internationally recognized expert to be consulted, unless alternative arrangements about expertization is agreed prior to placing a bid at the sale.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

Unless otherwise stated, the catalogue numbers and valuations are taken from Facit for the Nordic Countries and from Michel for other countries and territories.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and is subject to Swedish law.

In the event of any discrepancies in the text arising from translation, the Swedish text shall prevail.

Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras kvalitet har gjorts i katalogen eller på Internet. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från kvalitetbeskrivning av enstaka objekt/serier. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäckt felet, normalt inom 10 dagar efter det att köparen har mottagit objektet eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. AB Philea har ensamt rätt att utse vilken internationellt erkänd expert som skall användas, om inte annat överenskommits innan bud lämnats.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.

Katalognummer och värden är hämtade ur Facit för Norden samt Michel för alla andra länder och områden, om inget annat anges.

Vid tvist gäller svensk lag.
