Preface

Welcome to our Spring sale!

It is in troubled times we herewith present our 18th numismatic auction. We wish all our clients good health, and hope that everyone stays safe. However it is also a good time to spend some time looking at your collection, and consider further investments in it. Recent numismatic events and auctions have shown that there is a continued interest for our hobby.

At the time of writing this we plan to offer the usual auction experience, with room bidding, but we urge our bidders to think about leaving written or internet bids, as well as the possibility to phone bid during the auction. We will continuously monitor the advise from authorities, and will provide hand sanitiser in our office. We recommend to make appointments to view lots, as this will allow us to provide a safer viewing experience.

This auction offers an extensive collection of Swedish riksdaler coinage by type, with highlights of rare Duke Karl daler 1597, Interregnum daler 1599 as well as conditionally superb examples of Ulrika Eleonora and Fredrik I riksdalers among others. We also have the pleasure to offer an extensive collection of mint errors and oddities formed by the late Roger B. Stolberg of California, USA. This collection was carefully formed over decades of attending Ahlström auctions and numerous trips to Sweden and includes many spectacular items sure to create attention among both general collectors, and error specialists!

For the foreign section we have a wide range of Norwegian coins, and a good range of Russian coins and medals with a spectacular Warsaw mint 3 kopek 1850 as the centre piece. There is a good range of Ancient coins and a larger than usual offering of medieval and viking age coinage of Europe, and a more extensive section of World banknotes. There are many group lots and collections that warrant careful viewing.

We look forward to seeing you in Stockholm, or through your participation by other means.

Auction conditions

The auction is voluntary and is conducted on behalf of the vendors. The lot shall be sold to the person making the highest bid at a sum equal to the next highest bid plus a fixed increase. If there is only one bid the lot will be sold for the starting price. In the event of two identical bids the first bid received has priority.

All bids must be made in Swedish crowns (SEK). All invoices pertaining to auction purchases are made out by AB Philea, the financial and legal counterpart to all buyers and vendors at the auction.

Commission of 21 % is added to the hammerprice for both domestic and foreign customers. AB Philea uses the "Margin scheme" (also known as the "Global System") meaning that no VAT will be specified on invoices. When incurred, expenses for insurance and postage are also added.

Bids made are binding. In the event of bids being presented by persons on behalf of another (agents) the person presenting the bid is liable to satisfy the sales conditions as if it were his own bid. The person presenting the bid is also responsible for errors made by him in when acting as agent at the auction. Similarly, the person presenting the bid is liable for any errors or misunderstandings in the case of unconfirmed bids by telephone or telegraph.

The auction will be conducted with as much care as possible but without any undertaking on our part. We reserve the right to reject persons from the auction and decline bids without giving any reason for doing so. We also reserve the right, in the event of misunderstanding or differences of opinion, to re-offer the goods for auction.

Payment for lots purchased by a bid at the auction shall be made in cash, or against a pro forma invoice. The lots remains the property of the vendors until such time as full payment is made. Payment shall be made within 8 days of the date of invoice. In the event of delay in payment interest is charged at 2 % of the invoiced sum for each month commenced plus a reminder fee of SEK 40. If payment has not been received by us within, at the latest, 30 days after the date of invoice or if the purchaser refuses to pay, we are entitled to sell the lot at the purchaser's expense without giving any further notice. If this occurs the sum received on sale, after deduction of sales expenses, will be deducted from the unpaid debt. Any sum remaining due will be subsequently recovered by legal measures.

Foreign customers will receive pro forma invoices.

Lots are sold "as is" except where other remarks concerning their state have been made in the catalogue. This means, among other things, that defects not visible in photographs or deviations from descriptions of state of individual articles are not regarded as defects. Information regarding grades are our opinion only, and are therefore not grounds for complaints or returns. For collections and accumulations tradesmen are not entitled to make any claims and private consumers rights are limited to those stipulated in Section 9 of the Swedish Consumers Sales Act.

Complaints must be presented within a reasonable time after the purchaser discovered or ought to have discovered the defect, normally within 10 days following the purchaser's receipt of the lot or his having had such opportunity following notification by his post office of the lot's arrival. If a complaint is approved the price of the lot will be repaid to the purchaser plus any postage.

The presentation of verbal bids or auction instructions means that the above conditions are approved.

The auction is conducted and sales made are subject to the exclusive jurisdiction of the Swedish courts and and is subject to Swedish law.

Auktionsvillkor

Auktionen är frivillig och sker för inlämnares räkning. Objektet säljes till högstbjudande för näst högsta bud + en fast höjning. Finns endast ett bud säljes objektet till utropspris. Av två lika bud gäller det först inkomna. Underbud accepteras ej.

Alla bud skall avgas i svenska kronor. Alla fakturor avseende köp på auktionen ställs ut av AB Philea, org.nr 556326-1949, som är ekonomisk och juridisk motpart för alla köpare på och inlämnare till auktionen.

Köparprovisionen är 21 % på klubbat auktionspris, även för utländska kunder. AB Philea använder sig av vinstmarginalsystemet (VMB), vilket betyder att moms inte specificeras på fakturor. Dessutom tillkommer i förekommande fall porto- och försäkringskostnader.

Avgivet bud är bindande. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles som om det vore eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid obekräftade telefon- och telegrambud är budgivaren ansvarig för ev. fel och missuppfattningar.

Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från firmans sida. Vi förbehåller oss rätten att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Vi förbehåller oss rätten att vid missförstånd eller meningskiljaktigheter utlysa ny budgivning.

Betalning sker kontant eller mot förskottsfaktura. Objektet förblir säljarens egendom till dess full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2 % per påbörjad månad räknad på fakturabeloppet, samt kravavgift med 40 kronor. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar att betala, kan objektet utan ytterligare meddelanden säljas på köparens bekostnad.

Utländska kunder erhåller förhandsfaktura.

Objekten säljs i befintligt skick såvida inte andra utfästelser om deras beskaffenhet har gjorts i katalogen. Detta innebär bl.a att som fel betraktas i första hand på foto ej synliga defekter eller avvikelser från beskrivning av enstaka objekt. Uppgifter om kvalitetsbeteckningar är endast vår uppfattning, och utger i sig ej underlag för reklamation. Beträffande samlingar eller partier innebär det att näringsidkare inte äger rätt att göra några påföljder gällande och att den enskilde konsumentens möjlighet är begränsad till vad som stadgas i konsumentköplagens § 9.

Reklamationer skall göras inom skälig tid efter det att köparen upptäckt eller bort upptäcka felet, normalt inom 10 dagar efter det att köparen har mottagit objektet eller haft möjlighet att göra detta genom avisering om objektens översändande från dennes postanstalt. Vid godkänd reklamation återfår köparen auktionspris plus 21 % och ev. porto.

Avgivande av muntliga bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.
